

Race 5 – Billy Foster Memorial (WINNER!)
July 17, 2009
Victoria, BC

“Tonight is the 10th Anniversary of me and my wife Stephanie and this win is a great way to celebrate it!” That was the comment from victory square at the conclusion of the Billy Foster Memorial race for WilRoc Sprint Cars as Guy Barrett dominated the event lapping all but three cars in the field. The night was a great success for the team with yet another appearance in the “fast” dash and a win in the heat race. Guy felt the car was good in the

heat but asked the Team G-Force crew to make a gear change along with some minor wing adjustments that brother Glen has wanted to try “all season” for the main event, and then proceeded to put on a driving clinic which posted the fastest racing lap of the 30-lap feature. A quick turnaround was in order as a second full program of racing was to follow on Saturday night so celebrations had to be kept somewhat subdued.
